# HEAVY BREAK COTTON MARKET TODA SYSTEMATIC POLICE BRUTALITY IS CHARGED

## FEDERAL ESTIMATE OF PRODUCTION FOR 1931 DEPRESSING

LOSS OF BETWEEN SIX AND SEVEN DOLLARS PER BALE ON COTTON PRICE

NEW YORK, Aug. 10. (A)—Cotton broke more than \$6 a bale at the opening of trading on the New York Cotton Exchange today, as the result of the government crop report which Saturday placed the indicated yield more than 1,500,000 bales in excess of expectations.

cess of expectations.

The October contract opened at 6.80 cents a pound, a drop of \$6.60 a bale from Saturday's close, which was before the crop report was published. After the opening October sold a tenth of a cent lower at 6.70 cents a pound. But on subsequent sales rallied to 6.82 cents.

A wide accumulation of selling orders came into the market at the first call. At the time of the call Liverpool was \$7.50 a bale

call Liverpool was \$7.50 a bale lower than due.
The break had been foreshadowed by a sharp break in the Chicago market after publication of the crop report on Saturday.

Opening quotations for futures sitions, other than October, here today were:
December, 7 cents, off \$6.55 a bale; January 7.14 cents, off \$6.35; May 7.60 cents, off \$6.35; May 7.60 cents, off \$6.10; July 7.75, off \$6.15.

# R. L. CALKINS, FORD DEALER, TO OCCUPY

Brothers and the Southwestern Transportation company, at the intersection of Seventh avenue and Main street, and plans have been completed for the complete rennovation and remodeling of the structure for the occupancy of the Corsicana Ford dealer by about Oct. 1.

The changes and repairs on the building are expected to approxi-mate \$15,000 to \$20,000. A new front is planned for the structure, with show rooms and sales rooms

ARE WE A BUNCH OF QUITTERS?

What are we going to do about it? Sit down, peacefully fold our hands across our well filled beltline grasping a bunch of lilies, and tell each other in mournful tones how sorry we are for ourselves. Just give up—go down for the third time, we suppose, without a semblance of a struggle,

Whenever a man starts feeling sorry for himself he loses his usefulness, is a liability, and a pain in the neck.

All of us, apparently, are the yellowest bunch of quitters that ever breathed the breath of God given life.

Here we are living in a land of plenty—enjoying good health—modern conveniences—and everything that should

bring joy to our hearts but do we appreciate our many No-we are just a bunch of soft, easy living, pampered squawkers—all we can do successfully is yelp because we are not making money in heaps,

The trouble is the financial gain has been too easy for the past few years. Now that the time has arrived when considerable in-

testinal fortitude is necessary to play the game we fold up like the last rose of summer and yell HELP, for no reason whatsoever except that our feet are cold and our courage is We should about face and do a little personal investiga-

tion before we decide the country has gone to the dogs. We should take stock-look ourselves squarely in the face-and tell ourselves what disgusting cowards we really are. None of us expect to get rich-not immediately at least -but for goodness sake let's have some fun while we are

about it. A long sad professional pallbearer face and a pitiful whine will not help matters any.

Let's have a mass meeting or an old time revival-an experience meeting or something—and thank the Good Lord for our many blessings—and they are indeed numerous. Let's get together and know each other better. Let's forget money for a moment and center on good-

Let's visit our neighbors-Tell 'em you are broke if you want to—but in the same breath tell 'em you don't give a continental darn—that your health is good—that you live in the best community in the world and invite them to come to

For goodness sake let's quit bellyaching.

Let's forget our, petty personal jealousies and individual likes and dislikes—let's get together now and then. Better financial conditions are ahead—how far ahead nobody seems to definitely know-but white we are waiting for the change let's have some pleasure out of the thing and stop this eternal squawk.

# AUSTIN, Aug. 10.—(P)—The Texas legislature today salvaged one oil conservation bill from the wreckage of administration proposals when the house concurred in senate admendments to the Bavis pipe line bill, an hour, to showers in other sections of the state. Highway traffic was tied up at Sapulpa: a house was destroyed by lighting at Oktahoma City and power line transformers were dampower line transformers were

### FEDERAL COURT OF THREE JUDGES HELD **PLAW DISCRIMINATORY**

### NEW COTTON TRUCK LAW HELD UNCONSTITUTIONAL

Judges sitting here today islands, held the new cotton truck law as passed recently by

end of the present cotton sea

The law prevented any open truck from carrying more than 10 bales of uncompressed cotton. It was one of three truck laws enacted during the regular seed on the course of was one of three truck laws enactived during the regular session. The constitutionality of the other two likely will be attacked as soon as they become effective August 22.

The court held the law constitutional. At the same time, it granted the temporary injunction on the grounds that the law "operates to unreasonably embarrass and restrict to the point of prohibition at legitimate business entitled equally with others to the use of the public roads."

Commissioners' Court The regular bi-monthly session of the Navarro county commis-sioners court will be held Mon-day morning at 10 o'clock. Among matters expected to be considered will be the proposed advertis-ing for hids for the construction of a trestle and concrete two-way spanning Richland creek at Ward Bridge, connecting the pavement to be constructed from Corsicana to Ward Bridge with the Pursley siab. The proposed improvement will cost approximately \$35,000, according to an estimate made by A. F. Mitchell, county engineer, who has propared the plans and specifications. It is understood that the complete part of the plans and construct a It is understood that the com-missioners plan to construct a trestle slightly in excess of 800 feet in length to care for the overflow waters in the time of high water. The present bridge over Richland creek at this point will probably be moved to another site in the county.

County Clerk's Office
The following case was filed:
F. F. McElwrath vs. Joy Zillinox, suit on notes.

New Pump Station FAIRFIELD, Aug. 8.—(Spl.)— The Sinclair Oil Co., have leased a plot of ground from T. G. Cruch about thirteen miles east of Fairfield and it is reported will begin at once building a heavy capacity pump station to serve the com-pany's pipe line, completed a few

weeks ago.
A road will be opened from the pump station site to the highway near Red Lake.

### Fairfield Gin Is

Being Improved FAIRFIELD, Aug. 8.—(Spl.)—Daniel Bros.—J. B. and S. P.—are rebuilding and enlarging their gin plant in Fairfield and putting in four new Murray 80-saw stands. A Murray air blast system is being installed and when complete

## Did you ever try to MILK a LAWNMOWER?

-not as foolish as it sounds, for many dairymen quit feeding concentrates in the summer and expect their cows to exist on pasture alone. Such cows expend their energy in GRAZING instead of PRO-DUCING MILK--and a lawnmower could do that job better.

You know, of course, that a 1,000 lb. cow requires about 30 lbs. of solid food to produce 35 lbs. of milk. But do you know that if she must obtain these solids from grass alone, she must graze over about ONE-

TENTH of an ACRE and eat about 175 lbs. of GRASS? Your cows are worth more as milk producers than as lawnmowers. Pasture is fine and will help reduce your production cost -but ONLY when sup-

### **GENERAL BUSINESS ACTIVITY DECLINED** FIRST PART 1931

### LATTER WEEKS JULY SHOW ED TENDENCY FOR DE-CLINE CHECK, HOWEVER

WASHINGTON, Aug. 0.—(A)—A decline of 16.3 per cent in the January-to-June average of adjusted indexes of industrial production as

indexes of industrial production as compared with the first half of 1930 was reported today by the commerce department.

In computing the indexes, the department used the monthly average from 1923 to 1925 as 100. "General business activity," the report said, "continued its decline of greater than seasonal proportions during June, a tendency, however, which became less marked during the first two weeks of July."

tions during June, a tendency, however, which became less marked during the first two weeks of July."

Industrial production for June dropped 3.4 per cent. The declin in mineral production was only a little more than seasonable.

"Among manufacturing industries," the department said, "there were relatively sharp recessions in the output of iron and steel and in automobile production, but textile activity was maintained close to seasonal levels and was well above the level of a year ago.

"The recession in business during June was further refleced in a drop of 2.5 per cent in factory employment, after allowing for normal season changes, and in a fall of 5.5 per cent in factory payrolls which are now 25 per cent below the level of a year ago.

"The indexes of distribution also tended downward, although the adjusted index of freight car loading, after showing a decline of 2.5 per cent during June, has moved consistently upward since the beginning of July.

"Department stores sales, if adjusted for the number of working days, fell 6.2 per cent in June, but if adjusted also for season variation the decline was only 1.1 per cent. Bank debits outside of New York, after a sharp drop in May, increased nearly 3 per cent in June, and have hoved to a higher level since the close of the month.

"The adjusted value of building contracts showed a gain of 9.4 per cent in June. Residential building awards moved contrary to this general trend, but plublic works and utilities construction, although steadily declining from March to May, registered an increase last month (June) of 42 per cent over the May total."

The retarding in the rate of decline of wholesale prices during June, which turned into a temporary rise early in July, was regarded as a more favorable factor. Security prices also moved ahead over a great part of the month, reflecting favorable sentiment created by the moratorium agreement, but these have reversed their trend since the close of the month.

# KANSAS ULTIMATUM GIVEN OIL BUYERS;

(Continue) Page 1)
withhold partial or complete shutdown orders. Unless the purchasers of crude oil in Kansas this
week extend to the producers in
Kansas the same consideration Hansas the same consultations they are granting to producers of Texas crude, a hearing will be ordered to determine the nature and extent of a shutdown order in this state."

Hill pointed out purchases of Texas crude were made "because of a shortage in available Kan-

sas crude."

Commenting on the announcement the commissioner said he understood the price paid to Texas producers by Kansas refiners was between 15 and 20 cents a barrel and that figuring freight the price of the crude laid down in Kansas cost an average of 70

### BITTER FIGHT ON CIGARET TAX LAW AMENDMENT SEEN

OPPONENTS CLAIM AMEND-MENT RECENTLY PASSED LAW IS MISLEADING

AUSTIN, Aug. 10.—(AP)—The predicate for a bitter fight in the house on amendment of the cigaret tax law was laid today when Representative Bob Long of Wichita Falls moved that the 72-hour rule be suspended on all legislation except the bill to levy a tax of three cents per package on cigarets.

on cigarets.

The rule prohibits consideration of a bill in the house of its origin after 72 hours before the date set for adjournment.

The Long motion was tabled and the rule suspended until tomorrow night on all bills.

The Long colored the transmit of the rule suspended until tomorrow night on all bills.

Meanwhile, with oil prices apparently negred at a ton of shout of the rule suspended until tomorrow night on all bills.

### HOUSE POSTPONES INVESTIGATION OF PRICE CHARGES

AUSTIN, Aug. 10.—(P)—The house today postponed investigation of charges of official misconduct against J. B. Price of Bastrop, judge of the 21st district court until Wednesday. A motion to postpone the investigation indefinitely was tabled 90 to 23.

A resolution to postpone the inquiry until Wednesday and invite the senate to listen to the proceedings was adopted. The resolution proposed that Judge Price be removed by means of an address by the legislature to the governor. The address of removal would require a two-thirds vote

### SHUT-DOWN IN OKLAHOMA FIELDS CONTINUE WHILE OIL MEN WONDER OUTCOME

OKLAHOMA CITY, Aug. 10.— (P)—An army of 130 national guardsmen—little more than half ONE DEAD, ANOTHER guardsmen—little more than half the "expeditionary force"—pa-trolled Oklahoma's hushed oil fields today while oil men won-dered if their wells were to be ignored by purchasers who could obtain crude from other states and countries.

Those who were inclined to view possible results of Governor Mur-ray's martial demend for \$1.50 **WOUNDED IN PRISON** FARM BREAK FRIDAY

THIRD PARTICIPANT - CAP possible results of Governor Murray's martial demand for \$1 a barrel crude oil pessimistically suggested refineries might be kept going for a year with out-of-state TURED AND PLACED AT HARD LABOR SATURDAY Lieut, Col. Cicero I. Murray, in

EASTHAM PRISON

FARM, Houston Texas, Aug. 8.— (AP) — One convict was dead, another

date set for adjournment.

The Long motion was tabled and the rule suspended until to morrow night on all bills.

Long claimed the statements of advocates of the cigaret tax amendment that it was merely a mendment that it was merely a mendment that it was merely a more enforceable but to extend its scope. The amendment that its state or "use" to clause would prohibit cigaret provides that the tax shall be add on the first sale or "use" clause would prohibit cigaret smokers from buying cigarets by mail from out of state manufacturers to carry on the cent tax before the cigarets were smoked.

Treasurer Charley Lockhart reported to the legislature that plans were being made by leading operation aug. 22.

The greater manufacturers to carry on extensive mail order campaigns to evade the tax. It will begin the plans were being made by leading operation aug. 22.

Representative T. H. McGregor said the tax on the "use" would be a violation of federal statutes in that it would play a tax on the state commerce. McGregor also contended that unless the entire tax bill would not be effective until 90 days after the entire tax bill would not be estated on the stated on the stated on the stated on the state of the control of the co

A guard opened fire and Mason went down under a load of small shot. OKLAHOMA CITY, Aug. 10.—
(P)—A. L. Beckett, secretary of the State School Land Commission, said today the Sinclair Oil and Gas Co., has agreed to pay one-eighth royalty for 50,000 barrels of oil taken from the State leases in the Oklahoma City field Clevenger, with his arm punctured by several of the shots reached the trees. one-eighth royalty for 50,000 barrels of oil taken from the State
leases in the Oklahoma City field
"at our price." Beckett prescribed
40 cents a barrel as the prevailing price at the time the oil was
produced. The school land commission had approved a recommendation of Governor Murray
authorizing suit against the company for payment of that rate. Palmer, unscathed, darted into the shadows and disappeared from view. Bloodhounds were brought **ou** 

at once and Clevenger was found lying exhausted in the underbrush in the Trinity bottoms three miles from the farm.

The search for Palmer was redoubled. He led the men and hounds for ten miles through the steamy bottoms of the river under steamy bottoms of the river under

steamy bottoms of the river under a burning sun and finally was caught as he attempted to swim the stream.

Others Held Quiet.

The rest of the convicts milled around uncertainly when the three made their break. Guards threw their guns on them and held them quiet. Later they were taken peacefully into the fields to

taken peacefully into the fields to work.

Mason was rushed to the prison hospital at Huntsville where he dled about 7:30 p. m.
Clevenger was taken to the small hospital here. His wounds

were not serious.

It was learned that four men originally planned to make the break but that the fourth backed out at the last moment.

Mason was regarded as one of
the most dangerous men in the prison.

He shot City Marshal Echols

during an attempted robbery of a bank at Van Alstyne and later was accused of killing another man in a filling station holdup at Coleman.

# THRILLING 13-INNING BATTLE WON BY STEERS OVER SPORTS 1-0

### MURRAY AND LEE **WENT ROUTES WITH** -EXCELLENT SUPPORT

HOUSTON DEFEATED SAN ANTONIO AND WIDENED MARGIN IN RACE

BY BILL PARKER
(Associated Press Sports Writer.)
Easily one of the best baseball games of the current Texas league season was unreeled yesterday in Dallas when the steers trimmed Shreveport 1 to 0 in 13 innings. It was the first setto of a doubleheader. After winning the extra-inning affair the Steers dropped the night-cap 6 to 3.

The long session was a stubborn game all the way through with George Murray, right hander for Dallas, and Lee, Shreveport southpaw, bearing down throughout. Several times the bases were crowded with runners, but each time, lightning infield plays smothered the threatening rallies. Mueller's sensational dive and Mueller's sensational dive and catch of Todd's hard grounder in the twelfth, saving a run, was one of the finest plays seen at Steer Stadium this season.

After twelve scoreless innings, After twelve scoreless innings, Shreveport opened the 13th with a threat. Leslie singled to center. Radcliff beat out a slow bounder to second. With two on and none out, the Sports saw their chance fade when Solters, league's leading home run hitter, bounced into a double play and Winegardner popped to Kelly at shortstop.

Langford Won Melce. Langford Won Melce.

The Steers came back in their half of the 13th to win. James, first up, walked, and moved to second on Atwood's sacrifice. Loepp walked. Longford, up for his sixth time without a hit to his credit, slashed a single his credit, slashed a single through the right side of the dia-mond, and James made a great race from second to slide across the plate with the ball game, a fraction ahead of Radeliff's perfect peg to Catcher Rowland.

The second game saw the Sports overhaul Dallas' three-run lead with a hitting barrage off Minogue, Garland and Mallet that netted a decision.

Having defeated the league's best fast and curve ball pitchers an their recent road trip, the Houston Buffaloes returned home to beat Tom Estell, spitballer for San Antonio, 7 to 3. Houston drove Estell from the mound in the fourth with a bombardment that netted four runs. Flinn finished, but could not repair the damage the Buffaloes had created in the first four innings. first four innings.

"Tex" Carleton hurled seven in-"Tex" Carleton hurled seven ininings for Houston, and had the
situation well in hand. He gave
way to Jerome "Dizzy" Dean the
last two innings so Dean could
warm up the arm that has won 22
victories this season for Wednesday night's title play-off contest
against Beaumont.

Cats-Spudders Even.

At Fort Worth, the Cats and Wichita Falls Spudders split. Dick Wichita Falls Spudders split. Dick Whitworth turned in some excellent pitching to beat the Spudders in the initial contest 4 to 2. The Spudders got to "Jinx" Harris, rookie pitcher, for three runs in the first inning to win the secend game, 7 to 3. Lester White was on the mound for Wichita Falls in the second game and held his foes to eleven hits all scatter. his foes to eleven hits, all scatter-

ed.
The Beaumont Exporters had to be satisfied with a 50-50 break with Galveston. The Buccaneers grobbed the opener 11 to 6, but lost the second 6 to 5. Both games were filled with good and indifferent baseball.

## The Mystery Man

By HARDIN BURNLEY-

WITHOUT a doubt, the most puzzling fistic entered our era, and perhaps of once more, fooling around with any era, is Jack Sharkey. The puffing, under-sized Walker fight in New York, Sharkey was wise how just can't figure him out.

the puffing, under-sized Walker for 15 rounds with a bored expression on his pan.

Sharkey looked like a champ against Wills, and in his next light, against McTigue, he looked like a chump. He flashed great exhibitions against Maloney and Dempsey only to fizzle again in the Heeney and Risko imbroglios. He failed to show much ambition against Stribling, and then dumped the wise boys as usual by belting out Loughran with ease. This great showing was followed by another bust—the Miami fiasco with Scott; after which the Bostonian went on to hand Schmeling a fearful hiding and undoubtedly would have smacked Max down but for the famous "foul brawl."

the puffing, under-sized Walker for 15 rounds with a bored expression on his pan.

Sharkey has one of the best charged with carrying Eddie Huffman for ten rounds—he just couldn't get mad at little Eddie!

He was characteristically apa-thetic against both Heeney and Stribling with a shot at the title hanging in the balance and, as. Bill Corum remarked, he was entirely too amiable in the Walker affair.

Another famous New York fight serils summed up the situation in the scrib summed up the situation in fight swing which he would wrap harmlessly around Walker's neok when the smaller man crouched. And he did everything but wave a specific provides the summed and the walker is flaby man for ten rounds—he just charged with carrying Eddie Huffman for ten rounds—he just cheic against both Heeney and Stribling with a shot at the title balance and as in the balance and as a serile and efficient body puncher, and yet made no attempt to work scrib summed up the situation in the serile was characteristically apa-thetic against be ropes in the balance and as a serile and efficient body puncher, and yet made no attempt to work scrib summed up the situation in the serile against the ropes in the balance and as a serile and efficient body puncher, and yet made no attempt to work

### MAGNOLIA OILERS DEFEATED TYLER **CREW SUNDAY 7-2**

### STOVER HIT HOME RUN; OILERS PLAY MONTFORT **NEXT SUNDAY**

Magnolia Oilers defeated the Tyer Trojans, 7-2, in their game staged on Municipal park Sunday afternoon at 3 o'clock, E. B. Ballew, Magnolia rightfielder, led the hitting attack when he connected with three blows, including a three-bagger. Stover, centerfielder, clouted the ball over the fence for a home run.

Gathright hurled the first six innings, allowing the Tyler crew only three hits, and retired for a pinch hitter.

The addition of Babe Ruth, Jimmy Andrews, both former Texas leaguers, and James Strum, makes the Ollers one of the strongest Clubs in this section.

Magnolia is due to play Montfort here next Sunday afternoon. The box score:

### SENATE REFUSES TO **ENGROSS MEASURE BY** 10 TO 14 VOTE TODAY

CUNNINGHAM BILL FORCE COTTON ACREAGE REDUC-TION VOTED DOWN

AUSTIN, Aug, 8.—(AP)-The Texas senate, after hours of debate, today killed the Cunningham cotton acreage reduction bill.

It refused, by vote of 10 to 14 to engross the bill, which would have made it a misdemeanor to plant the same acreage to cotton on successive

years.

J. E. McDonald, state commissioner of agriculture, had vigorously advocated the bill. It had been endorsed by the Southern Cotton Conference here this week. Senators Oliver Cunningham of Wellington led the debate for proponents. Senators Joe Moore of Greenville and T. J. Holbrook of Galveston were the opposition's mainstays.

Galveston were the opposition's mainstays.

An amendment by Small, to provide the prohibition would not affect land "properly terraced" had been adopted but lost all significance in the refusal to engross.

Cunningham and Small insisted the bill would help the farmer and that he must reduce acreage to get a better price and to preserve the soil from unconscionable fertility loss.

the soil from unconscionable fertility loss.

The committee agreed on the Greer bill, rather than the similar proposal of Senator W. R. Poage of Waco after Poage voluntarily withdrew his bill, saying if both were brought to the floor one might endanger the other.

Request Farm Board Stand.
AUSTIN, Aug. 8.—(P)—The Texas house of representatives today petioned the federal farm board to announce that it would withhold from the market its grain and cotton.

The resolution stated the existence of a surplus likely to be dumped on the market at any time had a depressing effect on prices. It was introduced by Representative El-bert Barron of Sherman and oth-ers and passed unanimolusly.

### PURCHASE OF WHEAT IN UNITED STATES **NEW GERMAN PLAN**

BERLIN, Aug. 8—(AP)—Negotiations have been opened for the purchase by the German government of a considerable quantity of wheat in the United States, government officials disclosed today. They declined to reveal cetails of the project, but it was said Germany is contemplating the purchase of 600,000 tons of American wheat for delivery in 1932. The transaction rose out of the need for cash by German agriculture with which to meet taxes and pay farm hands.

The purchase of such a huge amount from the holdings of the farm board would enable German farmers to sell their crop in Scandinavia and the Northern Baltic States, exporting all but enough o last Germany until spring when the American wheat would be delivered.

The few details of the plan

the American millivered.

The few details of the plan which have been disclosed indicate that the brokers who export wheat now to whatever markets they can be granted government.

duty-free.

It was not revealed whether the government itself would handle the American deal or whether individual brokers would form an exporting and importing syndicate.

The question of how sale of the control of the green would affect.

### M. E. CHRISTY OF CHICAGO REPORTED DROWNED SUNDAY

Word was received here Sunday night by Mrs. J. Lanty Miller that M. E. Christy of Chicago, son-in-law of Mr. and Mrs. Miller, had been drowned while swimming in Lake Michigan, she having received a message from her son, Jack, who had arrived in Chicago only on Saturday for a visit with his sister and brother-in-law.

### Fined for Reckless Driving in Fairfield

FAIRFIELD, Aug. 8.—(Spl.)—A Dallas negro in Fairfield Wednesday, seemed to think that its inhabitants needed some enlightenment on the latest modes in fancy driving and so proceeded to show them all the fancy stunts in backing across the govern turning

backing across the square, turning circles, etc.

The stunts cost him a nice fine, with the usual trimmings, and he went away a sadder but wiser negro.

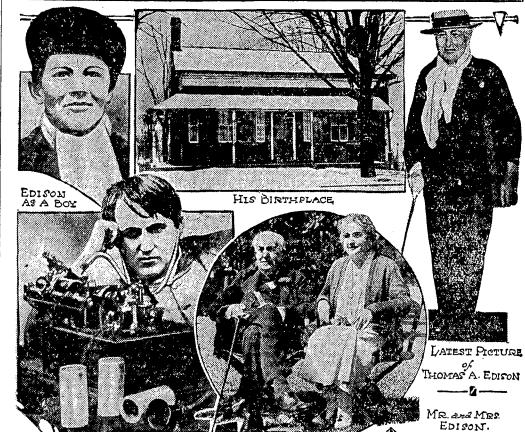

Simms Petroleum Company reported June quarter net loss of \$1,303.

277, against loss of \$3,208 in the group of the parted less of \$3,208 in the group.

### Edison, Miracle Man of Progress, Made World Advancement Possible

With Over One Thousand Inventions to His Credit, the "Wizard of Menlo Park" May Justly Be Regarded as the Greatest Originator of All Time.

He Dislikes Being Called a "Genius."

Despite his eighty-four years and failing health, Thomas Alva Edison, to whom the world owes more Thomas Alva Edison, to whom the world owes more than to any other man its present advanced state, insists upon carrying on his work. The inventor of the stock ticker, electric street car, mimeograph, storage battery and hundreds of electrical appliances, sleeps less and works harder than any other leading figure in history, notwithstanding the fact that he has been for years a sufferer from diabetes, Bright's disease and stomach teleers. He has been decorated

INVENTOR AND FIRST PHONOGRAPH

for honors, preferring the acclaim of his humble fellow countrymen. For the past few years Edison has been conducting researches in an endeavor to has been conducting researches in an endeavor to extract rubber from goldenrod and has professed himself satisfied with the progress he has made toward that end. Edison scoffs at his medical advisers' dictum that he retire, declaring that he intends to live over the century mark and work to the end of a glorious career.

every government on earth, but cares nothing

The question of how sale of the present German crop would affect the world wheat market does not seem to be troubling the backers of the undertaking, but others assert that marketing of wheat in a search for cash hardly would benefit a market already in the doldrums.

How the American purchase was to be paid for was not disclosed but it was considered likely that the shipments would come on a C. O. D. basis, the freight bill representing a sort of premium the country would have to pay for the privilege of getting hands on cash now.

### New Court House Tenants Uninvited and Unmolested

New tenants or office holders have established themselves in the Navarro county courthouse, and the commissioners court and the sheriff have done nothing about it, and probably will not. The sheriff is designated as the custodian of the courthouse and the commissioners' court tooks after the business of the county, but neither department has done anything about the new tenants, and have indicated they will not. A swarm of bees has established themselves in the counthouse between the second and third floors, just east of the main southern entrance. Entrance and exit are made in a small hole in the hollow cornice, and the bees can be seen buzzing around, unnolested.

A newspaper reporter queried the commissioners' and Judge

molested.

A newspaper reporter queried the commissioners' and Judge Nash concerning the uninivited office-holders in the courthouse, what their attitude was in the matter, and what disposition, of any, would be made of the situation. "We're going to let them alone" was the unanimous reply. So, there is plenty of "buzzing" about the courthouse and it is not political buzzing, either, but might be if disturbed.

### Shower Is Given For Powell Woman Friday Afternoon

The friends and relatives of Mrs. The friends and relatives of Mrs. C. A. Bancroft of Powell, Texas, gave a miscellaneous shower in her honor Friday afternoon, the occasion being her going away to the Sanitorium at Magee, Miss. Despite the fact Mrs. Bancroft being confined to her bed and the shower given in her own home it was all a complete surprise to her.

### FEDERAL ESTIMATE OF PRODUCTION FOR 1931 DEPRESSING

ican cotton surplus is already so large, the addition of approximate-ly 1.500,000 bales would not make much difference to traders and growers. rowers.

He made this observation today!
In commenting on the agriculture department's forecast of 15,584,000 bales for the 1931 crop as compared with 13,932,000 bales last year.

Stocks should be reduced this year, he added, since it is estimated consumption. year, he added, since it is estimated consumption of American cotton will be 2,000,000 to 3,000,000 bales great, than a year ago.

Stabilization of cotton, or stocks held by co-operatives will not be forced on the market by price declines, he said, venturing the opinion there may even be less inclination on the part of the cotton stabilization corporation to sell any of its holdings.

The farm board has not yet announced its sales policy en stabilization cotton for this cropyear.

Manchester Market Low.
MANCHESTER, Eng., Aug. 10.

(P)—Cotton prices on the Manchester exchange today dropped to the lowest point in a generation on the report of the American crop estimates. Quotations at 3 1-2d were down a penny a pound from Saturday's close.

Members were at the market today to watch the opening prices than have been for years.

# Three Prizes For the Winners

### CAPITAL HUMIDITY **WILL BE TRACED TO** ITS UNHOLY LAIR

WASHINGTON, Aug. 10.—(P)—Humidity, closely cloaking the low-lying core of this capital city, has turned many an official mind to what can be done about it.

turned many an official mind to what can be done about it.

"The most oppressive summer I, personally, recall since 1918," Surgeon General Hugh S. Cumming of the public health service, said.

Invading the White House as well as buildings occupied by bureau workers, the heavy atmosphere has occasioned much complaint. It has even been said that numerous whirring fans on the state dining room floor did not bring comfort to those invited there to dine.

In an ideal place to study the humidity at its heaviest, Dr. Cumming has launched a series of experiments in the temporary wartime structure occupied by the public health service.

Of tinder-box construction, with low ceilings and poor ventilation, the public health officers could not be improved upon for taking readings of maximum humidities. This is being done daily, with thermometers on every floor and corner.

Dr. James P. Leake was chosen to conduct these studies which purpose, Cumming said, "to work out some practical way of determining the relationship between humidity and the health of workers."

The surgeon general said one

The surgeon general said one of the objects was to work out an "effective temeprature," which he described as "the time at which the bodily temperature begins to be affected by heat and humidity."

### Lockhart Mayor and Editor Are Injured

LOCKHART, Aug. 10 -(A) - Mayor William M. Schoffeld was thrown through the windshield of an automobile which he was driv-DURANGO CITY, Mex., Aug. 10.

(P)—The state legislature is reported to have decided in a secret meeting today to "defend the sovereignty of Durango" against efforts of the federal congress to depose acting governor Jose Ramon Valdes on charges of violating the religious laws.

President Ortiz Rubio informed district court here by wire that he had appointed a new governor in reseponse to a request from congress, he state authorities are said to be planning to appeal the case to the supreme court on grounds that congress acted without cause and against the constitution.

Valdes is accused of allowing 200 priests to perform their offices in the state whereas a state law permis only 25.

CORPORATION COURT.

The idea was given impetus yesterday when members of the state game commission and prominent citizens visited the ranch and conferred about plans to make a state park out of it as sanctuary for the herd of buffaloes. Money for its purchase would ether be raised by state appropriation or public subscription.

It was understood the state game commission would spend \$20,000 of its funds to purchase the buffaloes provided a sanctuary was obtained.

CARD OF THANKS.

We take this method of thank-

CARD OF THANKS.

We take this method of thanking our many friends for their kindness shown us in our trouble, which was caused by an accident of our husband and father. We can not find words in which to thank you all for what you have done for us, most especially do we thank the Eleventh Avenue Baptist people for their prayers and good deeds. We certainly do thank Mr. Lewis for his kindness. We are glad to say that our loved one is recovering nicely. May God bless each of you is our prayer.

### **COURTHOUSE NEWS**

A hung jury resulted in the trial of Merritt Hall Barnes, by next friend, Mrs. Charles F. Barnes, vs. Woodmen of the World, collection of an insurance policy, in the Thirteenth judicial district court Saturday. Wayne R. Howell, local attorney, was specitl district judge trying this case due to District Judge Hawkins Scarborough's disqualification because of his membership in the W. O. W. The jury was discharged.

The Navarro county grand jury will resume its work Tuesday District Court

will resume its work Tuesday morning at 10 o'clock. A consid-erable amount of work has ac-cumulated for the consideration of the investigators since a re-cess was taken last month.

### , Sheriff's Office

A white woman was arrested in Corsicana Saturday night by Deputy Sheriffs J. M. Westbrook, Harman Chandler and E. B. Bass In connection with the finding of a quantity of beer. The officers reported finding 406 bottles of beer; 32 gallons of beer brew-ing, two cappers, and 192 empty bottles

ing, two cappers, and 192 empty bottles.

Willie Stubblefield, negro, was arrested and turned over to Elisi county officers by Deputies J. M. Westbrook and Jack Floyd. The accused negro is also charged here in a pistol carrying complaint. The negro was reported to have been armed when

MIDSUMMER FACE LOTIONS

MIDSUMMER FA
You are a very unusual sort
of woman if you do not need
some type of face bleach this
time of the year. So today I propose to give a few easily made
bleaches and let you take your
choice from among them. Sunburn is healthy, and fortunately
it is still smart, but when you
are ready for autumn clothes you
will want to get rid of your sunburn as far as possible. So make
up one of two of these bleaches and keep them ready for use.
The first is a mask made out
of almond meal. Buy a few ounces of almond meal. Cleanse the
skin thoroughly, then make a

ces of almond meal. Cleanse the skin thoroughly, then make a paste out of the almond meal by adding fresh peroxide of hydrogen to it. Spread this thickly over the face, cover with a double thickness of gauze; two pieces of gauze, that is, with two holes cut out for the eyes and a hole under the nose so you can breathe. Press this firmly against the skin so it takes on the shape of the face, then soak a towel in hot water, wring it out and hold it over the mask. The heat from this opens the pores of the skin and gives the almond mask a better chance to do its good work.

Renew the towel when it is cold

work.

Renew the towel when it is cold and keep this up for a good ten minutes, then remove the mask, rinse off the almond meal with hot water and then with cold water, and if the skin seems very dry, rub in a little almond oil and wipe off with a dry towel. Under such circumstances this makes an excellent powder foundation. This by the way, is a splendid treatment for blackheads.

Everything used on the face should be bleaching. Cold cream should be bleaching. Cold cream or peroxide cream, skin tonic should be glycerine, rose water and lemon juice. Lemon juice itself, or better yet, cucumber juice, should be used directly on the skin after it has ben washed. Sikin bleaching face treatments should always be extended so the front and back of the

New York Cotton Lower.

New York Cotton Lower.

New YORK. Aug. 10.—(AP)—Cotton opened easy today. 126 to 132 points lower under heavy general selling inspired by the unexpectedly large crop estimates issued by the department of agriculture on Saturday.

This report was reflected by a very severe break in Livernool, but the deciline in the local market was checked to some extent by active covering by shorts who had carried their commitments over the week-end. Initial offerings were well enough taken to cause moderate rallies but the selling continued forcing the active months about 135 to 142 points not lower before the end of the first half hour. October deliveries sold off to 6.70 and March to 7.25, making declines of about \$0.75 to \$7.10 to 1.25 to 1.25

# STEEL DECREASED

NEW YORK, Aug. 10.--(AP)-Unfilled orders of the United States Steel corporation showed a decrease of 74,507 tons in July to a total of 3,404,816 tons as of July 31. In June a decrease of 141,129 tons was reported. 141,129 tons was reported.

The backlog as of June 30 was 3,479,323 tons. On May 31 unfilled order aggregated 3,620,452 tons, against 3,897,729 tons on April 30.

On July 31, 1930, unfilled orders amounted to 4,022,055 tons.

Only a small change in the figures for last month had been expected. The corporation's operations in July were at the lowest rate of the year, averaging about 32 per cent of capacity, and the management endeavored and the management endeavored and the management endeavored to keep production and business as close as possible to new orders. Demand was small, a normal experience at mid-sumemr, although the slackness was emphasized by the extreme depression in the industry.

July usually shows comparative the process of the control ly narrow changes in the backlog. A year ago there was an increase of 53,991 tons, while July, 1929, brought a drop of 168,733 tons.

### NATIONAL GRANGE PROTESTS AGAINST **INCREASED RATES**

WASHINGTON, Aug. 10.—(P)—The National Grange through Fred Brenckman, its Washington representative, today protested against any increas in railroad freight rates at this time.

freight rates at this time.

Brenckman, testifying at resumption of hearings before Commissioner B. H. Meyer on the railroads' plea for a 15 per cent increase, said that "so far as agriculture is concerned it must be perfectly manifest any anyone who understands the situation that increased freight rates would prove ruinous under prevailing condition so far as higher rates could be made effective."

Brenckman followed Noah W. Cooper, Nashville lawyer, who read into the record a statement blaming Sunday labor for the railroads' situation.

Cooper, who long has worked

## Romance, Wedded Life of Lindy and Anne Read Like Fairy Tale

Mrs. Charles A. Lindbergh, as an ac-complished pilot and air-enthusiast, proved her liking for flying with her famous husband both before and after Charles, Jr., arrived, but it was to be following his birth that Anne was to show her most marked interest in aviation. Not forgetting several cross-country flights, an aerial voyage over tan and other ambitious sky trips, the opening of a new Pan-American airways in September, 1929, was one of the most outstanding trips taken thus far by the Lindberghs. On this flight Central America and the West Indies were traversed by Lindy and Anne in blazing

The world, in late 1930 and early 1931, did not hear much of Col. and Mrs. Charles A. Lindbergh. Therefore, the news of their projected flight to the Orient, by way of Canada and Alaska, was all the more star-tling when it leaked out from Washington, D. C. At the same time it was discovered struction in operating a radio transmitting set such as could be AT OTTAWA, CANADA.

their first stop at North Haven, Me., to bid goodby to Senator and Mrs. Dwight W. Morrow and their baby son, Charles, Jr. Remaining only a short time, Lindy and Anne sped away to Ottawa, Can., their first stop on foreign soil. From there they winged across the barren wastes of Canada, taking in Moose Fac-tory, Churchill tory, Churchill, Baker's Lake, Akla-vik and Nome, Alaska, on their way to the Kamchatka to the Kamchatka Peninsula and Tokio. All the way along their far-north route the cheers of the scattered settlers greeted them.

Taking off from

New York on their latest adventure of

the airways, Col. and Mrs. Lindbergh made

# A Certainty

that means much to every buyer of printing

There is no guess work in the estimating of your printing job at Stokes Printing Co. The cost of each step in its completion has been definitely established.

Nationally accepted methods of figuring printing costs

are used as the basis. Then to this, we have added years of printing experience and most complete and carefully kept records. From these we have developed a cost system that is always uniform in charges—always fair to you and fair to us.

Added to this surety of charges come the savings of large purchasing power of paper and ink; the consessions that come from established credit; the economies of finest equipment; a most efficient plant, highly expert methods and closest personal supervision. The benefits of all these are turned over to you.

So when you entrust your printing to STOKES there is an exact basis for the figuring of costs—and you know that this time, last time and next time you are paying a consistent, reasonable price for quality

This price confidence is one of many reasons why you should send your printing to Stokes

### **WACO ROTARIAN IS** LUNCHEON SPEAKER BEFORE LOCAL CLUB

VARIOUS ASPECTS OF FEL-IOWSHIP IDEALS OUTLIN-ED BY ANDY BUSH

Various aspects of fellowship and ideals as applied by the Rotory club were told members of the Rotary club here Monday noon at the Navarro Hotel, by Andy Bush of Waco, past president of the club in that city. Ted B. Ferguson had charge of today's program.

Joel C. Trimble led in the singing of one song, and the invocation was given by Beaufora H. Jester.

Jester.

Opening his talk, Mr. Bush selected "Rotary Fellowship," as his theme, and averred that attending the regular luncheons of that club has become a part of his weekly routine. He further declared members of the club will be greatly benefitted if they will sit by a different member each week, and exchange husiness and social ideas

change business and social ideas.
He reclared such a practice will further develop fellowship.
Here the sepaker pointed out that Rotary ideal is "Do unto others as you wou'd have them do unto you."

cannot Buy Some Things.

"In this day of depression, in our mad rush for money, you will find it beneficial to stop and check up to see if you are losing some of the things of life that money cannot buy; keep from getting into a channel, and becoming self-centered," Mr. Bush declared. In addition to many other good things that the Rotary club provides, he continued, is a breathing spell from business worries.

Mr. Bush asserted that inter-city relations have been dropped to a wide extent in the Rotary club, but no good has accrued from stopping that practice.

The speaker declared that when members get grouchy, and self-centered, it would do them much good to visit Rotary clubs in other cites, and especially a group meeting

tered, it would do them much good to visit Rotary clubs in other citfes, and especially a group meeting of numerous clubs.

Turning to a discussion of programs, and good features of them,
Mr. Bush urged the continuance of "classification talks" in which the clubmembers tell of their own occupations. He also recommended more Rotary Ann meetings, as being beneficial to the upbliding of a strong club. of a strong club.

Trouble With Individual.

"If membership and attendance drop off," the speaker went on, "the trouble is not with the principals and ideals of Rotary, but solely with the individuals who want ly with the individuals who want to get more out of the organization than they put into it in the form of work. Concluding, Mr. Bush declared: "Stop and think if you are losing many things in life that money cannot buy; govern yourselves accordingly; and the club cannot but benefit thereby."

by."
Ted Ferguson announced a Rotary meeting in Dallas this week and urged all who could to attend, President E. H. Newton spoke briefly concerning the meeting, and said that next week the program will consist of rports by thos who attended the Dallas gathering.

### All Lions Urged to Attend Meeting

President Johnny Garitty of the Lions club urges all members of the club to attend the regular meeting tomorrow for what ought to be one of the best programs of the season. The style of the program will be "Let's Do Something for Corsicana" our home town, and every member attending will be vitally interested, stated Lion Garitty.

Committees for the new year will be announced and other important matters will be disposed of for the good of the organization and that of the community as well. If you are interested in the welfare of the Lions club and your home town you should be present for the meeting.

Once, was a business visitor in Rice Monday morning.

Miss Ethel Bruce, stenographer in the county attorneys office, spent the week-end with friends in Dallas.

Mr. and Mrs. H. R. Stroube have returned from Kerrville where their sons have been attending a camp for boys.

## TWO DRIVERS OF **MOTOR VEHICLES**

CHARGED MURDER

CHARGED MURDER

OKLAHOMA CITY, Aug. 10.—
(P)—Murder charges were filed today against C. J. Jones, 34, and Flenn Taylor, 33, whose motor cars collided here Saturday, resulting in the death of Mrs. Ed Taylor. It was the first time both drivers in a motor car accident here ever were charged with murder. Phil Daughterty, assistant county attorney, said he had an affidavit from Dr. E. P. Davis, assistant county physician, that both men were intoxicated at the time of the accident.

The Order Exercises

The third rank will be conferred by the Athens Knights of Pythias lodge on candidates for the local K. of P order Tuesday night, it has be a announced by C. B. Haley. Large delegations from Mexia, Kerens, Ennis, and Waxahachie are expected to attend the ceremonies, and all local members are urged to attend. It is said that the Athens team ranks with the best in the state and that the work will be put on in fine shape.

### SICK TEXAS OIL INDUSTRY RAISED PERSPIRING PROTEST AT FAILURE OF LEGISLATURE

Good Deer Story

Comes Out During

FILLMORE, Cal., Aug. 10.—
(R)—Edward S. Hicks comes forward with a deer story in a season for fish yarns.

Hicks said he stood on a ledge in the Ojai mountains, scanning the horizon for his prey. His foot slipped, he tumbled more than 25 feet and landed astride a 150 pound huck.

Riding the buck cowboy fashion, holding on to the amtlers, Hicks said he went a short distance before geing thrown. Then he grabbed his gun and killed the deer.

Oppose Substitute Bill
FORT WORTH, Aug. 10.—(P)—
Fort Worth oil operators, business men and members of the Chamber of Commerce went on record today opposing the substitute oil conservation bill passed the scale Scalarday and voted to

stitue oil conservation bill passed the senate Saturday and voted to ask the Tarrant county senator to reconsider and to support the provisions of the Wagstaff-Woodward bill.

There was only one dissenting vote registered when the question of condemning Senator Rawlings' sub bill was placed before the mass meeting. U. M. Simon, For. Worth attorney, registered that vote. Simon said that among other connections, he is retained by Danciger Oil and Refining company of Fort Worth and Amarillo, which now has pending an appeal on a suit against proration.

### West Texas C. of C. Protests Bill's Death

ABILENE, Aug. 10.—(P)—The West Texas Chamber of Commerce today voiced strong objections to the State senate's action in killing the Wagstaff-Woodward oil conservation bill.

conservation bill.

In a communication to directors in 101 West Texas towns,
Houston Harte, president, stated:

"Your officers and the oil committee have been supporting the Woodward - Wagstaff administra-tion bill, which provides for oil conservation and proration as ap-

conservation and proration as approved by our conventions for four years. The Wagstaff bill passed the house 120 to 11, but was defeated in the senate by the Rawlings substitute bill.

"The Rawlings bill will defeat all conservation and proration principles, ruining West Texas oil properties and will bankrupt the independents.

"We urge all our directors to immediately wire, and have others wire, your senators, representatives and governor protesting the actions of the senate, in the hope a free conference may yet agree a free conference may yet agree on a conservation and proration bill that will save West Texas oil

and gas."

The message was also signed by D. A. Bandeen, manager and W. B. Hamilton, chairman of the oil and gas committee of the West Texas Chamber of Commerce.

The Colorado Chamber of Com merce met today and denounced the Rawlings substitute bill. The executive board of the Abilene Chamber of Commerce was to meet this afternoon to consider

Seek Definite Information.
TYLER, Auf. 10—(P)—Members of the oil shutdown movement's steering committee today sought to ascertain definitely he sentiment of all East Texas operators in regard to a general shutdown.
Committeemen planned to announce the results of a canvass made among East Texas operators to determine the amount of support the shutdown movement would gain in East Texas areas.
Today's meeting was preliminary to a mass meeting to be held here Friday.
Committeemen were to discuss possibilities of a co-operative oil marketing association.

### Department Answers Call to Auto Fire

The Corsicana fire department answered a call shortly after 10 pose of dissolving the association and to attend to other matters of business. The meeting was also the regular monthly conference of the association.

Early Monday afternoon definite action on the dissolution was under way and observers were of the opinion that it would be effected during the afternoon and it was thought that the two original organizations, the Corsicana association and Ellis County association, would be restored.

The combined organization was effected several months ago for the purpose of keeping a missionary in the field, but since this work has been discontinued, the leaders desired to dissolve the combined group to cut down traveling distance for the association at the P. and S. hospital Sunday night and was ding nicely Monday.

All Lions Urged

asswered a call snortly after o'clock Monday morning, and extinguished an automobile which was in flames on South Twelfth street. Chief Elmer Keith estimated that the car was damaged to the extent of about \$50 and said the damage was covered by insurance.

## 'Chute Jumper His Own Photographer

The most unusual pictures of a parachute jump ever secured in this country were made when Corporal Garland E. Cain, of Chanute Field, Rantoul, Ill., equipped with two three-ounce special cameras held on shroud lines, made pictures during a parachute descent from a U. S. Army plane flying at 4,000 feet. Upper left depicts Corporal Cain just

after he left the wing of the plane. Note his facial expression as he clutches for the rip-cord on his chute. Lower left photo shows Cain just as he tumbled off the plane on his 4,000-foot plunge. Right photo shows what Cain secured as a picture of himself floating toward the ground.

# A premium was being raised Monday by W. R. Kenner, manager of the Corsicana warehouse, for J. E. Horton of Purdon, who brought the first bale of the 1931 cotton crop to Corricana Saturday morning, Aug. 8. Mr. Horton ginned the first bale of the season with Boyette and Davis at Purdon Friday afternoon and brought it to Corsicana Saturday morning, where it was weighed at the Corsicana warehouse. It weighed 494 pounds. HOOVER STILL SMILING AND PHYSICALLY FIT AS HIS 57TH NATAL DAY IS CELEBRATED

The Enna Jettick aerocar will be in Corsicana Tuesday and will be in Corsicana Tuesday and will be in Corsicana Tuesday and will be in front of the Jolesch Shoe company store at 10 o'clock.

This car is the latest in Enna Jettick service. It is one of a little grayer at the temples and with a few more wrinkles around his face, President Hoover entered by United States.

It is capable of taking the road at automobile speed and of bringing the Enna Jettick saleman to the door of his dealer in a luxuriously equilpped s am ple room.

Built by Glenn Curtis, its lines are those of an airplane body, and it is mounted to ride with unmost smoothness. The car, which has many pleasing appoint ments, weighs 1200 pounds.

The general public is cordially invited to call at the Joelsch Shoe company store Tuesday and in inspect the car between the hours of 10 a. m. and 2 p. m.

NATAL DAY IS CELEBRATED

### At Last Something Worth While Foun About Hay Fever

CHICAGO, Aug. 10.—(P)—And now even a good attack of hay fever can be turned into a meal ticket.

Free board and lodging has been offered to such sufferers by the Illinois Research Hospital to test the theory that if pollen is filered out of one's sleeping quarers, the patient can carry on through the next day with a reasonable degree of comfort. From Aug. 15 until Oct. 1 volunteer patients are to sleep in shifts in a ward where all pollen has been eradicated from the air. The patients will remain from four days to a week in the ward. The hospital staff will keep a record of the speed with which the symptoms disappear, and how long it is after the patients are free from pollen before the symptoms recur.

## Two Women and Two Children

Two Children

Dead in Pact

SAN FRANCISCO, Aug. 10.—

(P)—Victims of what police said was a murder and sulcide pact, Mrs. Florine Williams, widow of Earle Williams, stage and screen star, her two small children and her mother died by poison in their apartment here yesterday. Officers concluded that Mrs. Williams and her mother, Mrs. Clarlsse Walz, 80, discouraged over the loss of their small fortune and the prospect of comparative poverty, agreed to dealong with Mrs. Williams' children, Joan, 7, and Billy, 4.

Mrs. Williams was unconscious when neighbors broke into the apartment and found the other paigns will be well under way.
Republican leaders see Mr. Hoover as their candidate, it being the history of the party that it always nominates for a second term the presidential incumbent.
The conventions and campaigns, widow evidently had played the the manufacture of the conventions and campaigns, widow evidently had played the conventions and campaigns, and release executioner.
